OUR COMPANY

Salve Pharmaceuticals Pvt. Ltd. was incorporated in the year 2006 with a vision to offer best quality products at the most affordable prices.

Within a short span of operation the company owns two state of the art manufacturing units in the heart of the city at Lawrence Road Industrial area.

Launching "Salve Essentials" is another testimony to our commitment towards the cause of derma cosmeceuticals. With your continued support and faith, the company is on the threshold of introducing a series of innovative products.

Salve's research & development is focused on introducing the latest active molecular cosmetics and delivery systems. The forthcoming products reflect our multi disciplinary approach to the development of novel solutions through most effective active ingredients and right excipients to fulfill the overall beauty demands.

OUR PHILOSOPHY

Quality, Research, Innovation and Affordability keep fuelling our desire to give you the best.

OUR CORE STRENGTHS

Direct access to the State of the art technology, close partnership with the best global houses for ingredients and new product development, has allowed us to develop innovative and validated formulations.

OUR PROJECT

From concept to the end of the product's life our dedicated approach ensures that the formulations we offer provide specific solutions for each skin need.

Our
